

Product family: Hydraulic equipment - Pumps and headstocks
Item code: 270
Description: CRIMPING HEADSTOCK · FOR PUMPS · UP TO 630 mm² (SERIES 70)

Image

Features

- deep indent
- section adjustment nut
- for operation it must be combined with a pump with an operating pressure of 700 bar

Specifications

CRIMPING FORCE AT DIE LEVEL: 230 kN
FIELD OF USE: terminals
 • uninsulated terminals from 10 to 630 mm²
 • C terminals da 16 a 185 mm²
