

Product family: Tools - Screwdrivers
Item code: 1190
Description: REINFORCED SCREWDRIVERS · 7 PCS SET (SLOTTED + PH + PZ)

Image

Features

- high torsion force with minimal effort: soft and comfortable non-slip grip with thumb-groove and anti-twisting and anti-skid rib
- spherical steel shell at the end of the handle
- the hexagonal shape of the shaft allows users to increase the torsion using a wrench
- steel single piece from the spherical shell to the tip: transfers the impact force without straining the handle and absorbs the vibrations produced by the impact eliminating discomfort and stress on the hand

Specifications

TIP MATERIAL: chrome-vanadium chromium-plated steel
HANDLE MATERIAL: bi-component elastomer
TYPE: reinforced
