| GROUP | | | | Issue V01.2 |
| Product family: | : | Tools - Suction lifter | r | |
| Item code: | | 1760, 1761 | | |
| Description: | | SUCTION LIFTER · 1 | I CUP | |
| lmage | C | | | |
| universal suct suitable for all suction pad 12 aluminum stru | 20 mm | lat, gas-proof, slight | ily curved or structural | |
| universal suct suitable for all suction pad 12 aluminum stru handle and lev | l kind of surfaces: f 20 mm ucture | lat, gas-proof, slight | ily curved or structural | |
| suitable for all suction pad 12 aluminum stru handle and lev Specifications TYPE: | I kind of surfaces: f 20 mm ucture vers in synthetic ma | lat, gas-proof, slight aterial 1 cup | | |
| universal suct suitable for all suction pad 12 aluminum stru handle and lev Specifications TYPE: | I kind of surfaces: f 20 mm ucture vers in synthetic ma | lat, gas-proof, slight aterial 1 cup | faces, gas-proof surfaces, flat surfaces, structural su | urfaces, aluminium structure, handle and levers in |
| • universal suct • suitable for all • suction pad 1 • aluminum stru • handle and lev Specifications | I kind of surfaces: f 20 mm ucture vers in synthetic ma | lat, gas-proof, slight aterial 1 cup slightly curved sur | faces, gas-proof surfaces, flat surfaces, structural su | urfaces, aluminium structure, handle and levers in |
| universal suct suitable for all suction pad 1: aluminum stri handle and lev Specifications TYPE: SUITABLE FOR | I kind of surfaces: f 20 mm ucture vers in synthetic ma : | lat, gas-proof, slight aterial 1 cup slightly curved sur synthetic material | faces, gas-proof surfaces, flat surfaces, structural su | urfaces, aluminium structure, handle and levers in |
